25.10.76 Up Weekly Report - do you set DSSC US
date: 19.10.76 repts from outer areas. If so they
5693 should be attached to yr W.R. Also there
should be separate repts for G.O.Y on major
sites. Eg. What really happened in
Parish prison? What was the full scene
on UN New Orleans with the specifics?
There are many more, including A.S.S.s, which
are not understandable on a long
distance comm line. 1) Please attach all others
W.P.s to yr W.R. 2) Separate repts on major sites.
